Privacy Notice

Your Members' Personal Information

Your policy is underwritten by AXA Health and administered by PHC. This is a summary of our respective Privacy Policies. Please make sure that your members read the summary of our respective Privacy Policies in their membership handbook. You can find the full data privacy policies on our websites. If you would like a copy of the full policy please call us on **01923 770 000** and we'll send you one.

We will only use your members' information in ways we are allowed to by law, which includes only collecting as much information as we need. We will gain the relevant person's consent to process information such as their medical information when it's necessary to do so. We want to reassure you AXA Health never sells personal member information to third parties.

We collect information about your members and their family members who are covered by this plan from your members, their family members, their healthcare providers, you as their employer where applicable, your insurance broker if you have one and third party suppliers of information, such as credit reference agencies.

We process your members' information mainly for managing their membership and their claims, including investigating fraud. We also have a legal obligation to do things such as report suspected crime to law enforcement agencies. We also do some processing because it helps us run our business, such as research, finding out more about you, statistical analysis for example to help us decide on premiums and marketing.

We may disclose your members' information to other people or organisations. For example, we'll do this to:

- manage their claims, eg to deal with their doctors;
- manage your policy with your insurance broker; and
- help us prevent and detect crime and medical malpractice by talking to other insurers and relevant agencies.

In order to be able to manage your policy we may access your and your members' information from countries anywhere in the world including India and the USA where some administration is undertaken and Switzerland where AXA has a European data centre. For these purposes, we may also perform an international transfer of your members' data. Before doing so we will ensure that your members' data is protected and disclosed only to authorised individuals solely for servicing your policy or a claim.

In some cases your members have the right to ask us to stop processing their information, but if they do we may not be able to process their claims or manage your plan properly.

Glossary and notes

Underwriting definitions:

Continued personal medical exclusions (CPME)

Members joining on a CPME basis will not have to complete a medical declaration or application form but will have to provide their previous insurance certificate confirming the underwriting terms previously applied. There must be no break in cover. Previous exclusions will be continued or the moratorium start date will continue under the terms and conditions of the new policy.

Medical history disregarded (MHD)

Members joining on an MHD basis do not need to complete any medical declaration and eligible pre-existing conditions will be covered by the policy (subject to policy benefits, terms and conditions).

Moratorium (MORI)

Members joining on a moratorium basis will not have to complete a medical declaration prior to joining, but membership is on the understanding that all pre-existing medical conditions and certain specified conditions experienced during the last five years are only covered after being a member for two continuous years and after being free from all treatment relating to that condition for two years. All new conditions are covered from the date of joining (please see the Handbook for further details).

Full medical underwriting (FMU)

Members joining on a full medical underwriting basis must each supply a medical declaration on the application and, in certain circumstances, a medical report. This means that pre-existing medical conditions are then excluded where necessary.

Acceptance of transfer terms

CPME terms are subject to PHC's acceptance of this application, declaration and receipt of the previous insurers' certificates of cover for all persons covered.

MHD transfer terms are subject to PHC's provision of an MHD quotation. PHC's acceptance of this application, declaration and where appropriate receipt of the previous insurers' documentation detailing MHD terms and completed members declarations.
