

Health Assessments

Helping you find your route to wellbeing

Many of us let our own health slip down our list of priorities. Perhaps we're too busy working hard and looking after our families. Perhaps we've preferred to ignore the warning signs, or promised ourselves we'll do better next year. Perhaps we're simply unaware.

Whatever the reason, it can be difficult to find your route to wellbeing. Our assessments make it easy for you to see where to focus your efforts, and how even small steps can add up to great strides, making it easier to keep going and aim further.

As part of your healthcare cover, you are entitled to 25% off, on a range of Nuffield Health or Circle Health Group health assessments (terms and conditions apply). For more details about the health assessments available to you including prices, please visit axahealth.co.uk/sme-health-assessment.
