

Skin cancer self-referral service

Helping to put you in control

A cancer diagnosis, or even just the prospect of one, can be an extremely stressful and worrying time for you and your loved ones, but you can take comfort in knowing we have expert support available to you.

Check4Cancer

We work closely with our provider, Check4Cancer, to make sure you're seen quickly if you suspect cancer. They're experts in their field and have years of experience providing clinical advice and treatment.

Our in-house healthcare professionals also have extensive knowledge, insight and experience in helping members who are facing cancer. They'll be there to support you and your family from diagnosis, and throughout treatment. If required, contact our team, who will seek to pre-authorise your treatment in line with your available benefits.

Treatment

If you are diagnosed with skin cancer, your specialist will determine the best treatment and care for you. Your treatment is likely to depend on:

- the type of skin cancer
- how far it's grown or spread
- where the cancer is
- the stage of the cancer (if relevant)

Your specialist will discuss your treatment options, their benefits and the possible side effects with you.
