Area 11 Isle of Man/ Channel Islands	51

About this directory

Need hospital treatment?

Please get in touch before booking anything

We'll confirm which hospital
we can cover.

•

Call us – the number
will be on your membership
information.

What's in this directory?

This is a list of all the hospitals and other facilities that we've assessed and monitor on their quality, value and range of services. For most of our plans and options, you'll need to use a facility in this list.

Can I use any hospital in the directory?

You may be able to choose any on the list, depending on what's wrong and the cover you have.

That's why it's important to get in touch with us when you need treatment, so we can explain which hospital to use.

Why are there different categories for oral or cataract surgery?

We treat oral surgery and cataract surgery slightly differently to other types of operation and you'll need to have your treatment at one of the hospitals that have a pink tick in the right column. It's also worth noting that we only cover certain types of oral surgery – there's more about this in your handbook.

As with any other type of treatment, please get in touch with us and we'll explain how it all works.

What's it like staying in a private hospital?

All the hospitals in the directory will do their best to make your stay as pleasant and comfortable as possible.

You'll usually have your own private room with an en-suite bathroom and television. You'll be given a choice of food for each course at mealtimes, and there's usually more flexibility about visiting times.

About this directory continued

What do I need to take to hospital?

Your hospital will usually send you a list of what to bring, depending on how long you're staying. But please also take along your membership number, which you'll find on any communications we've sent you. You may want to write this down or print it out, as you may not always be able to use your phone.

Does the list change?

We do update the directory from time to time. Occasionally, we remove hospitals from the list too.

Where can I find more information?

Each hospital will usually have its own website with plenty of information about how to get there, parking, what to take and other useful details.

➔ *For up-to-date details on which specialists, hospitals, scanning facilities and other healthcare facilities we cover, please contact our Member Services team.*

Our hospital areas

We've separated the hospitals in this directory into the following areas:

Area 1 Greater London

Area 2 South East

Area 3 South West

Area 4 Midlands West

Area 5 Midlands East

Area 6 North West

Area 7 North East

Area 8 Wales

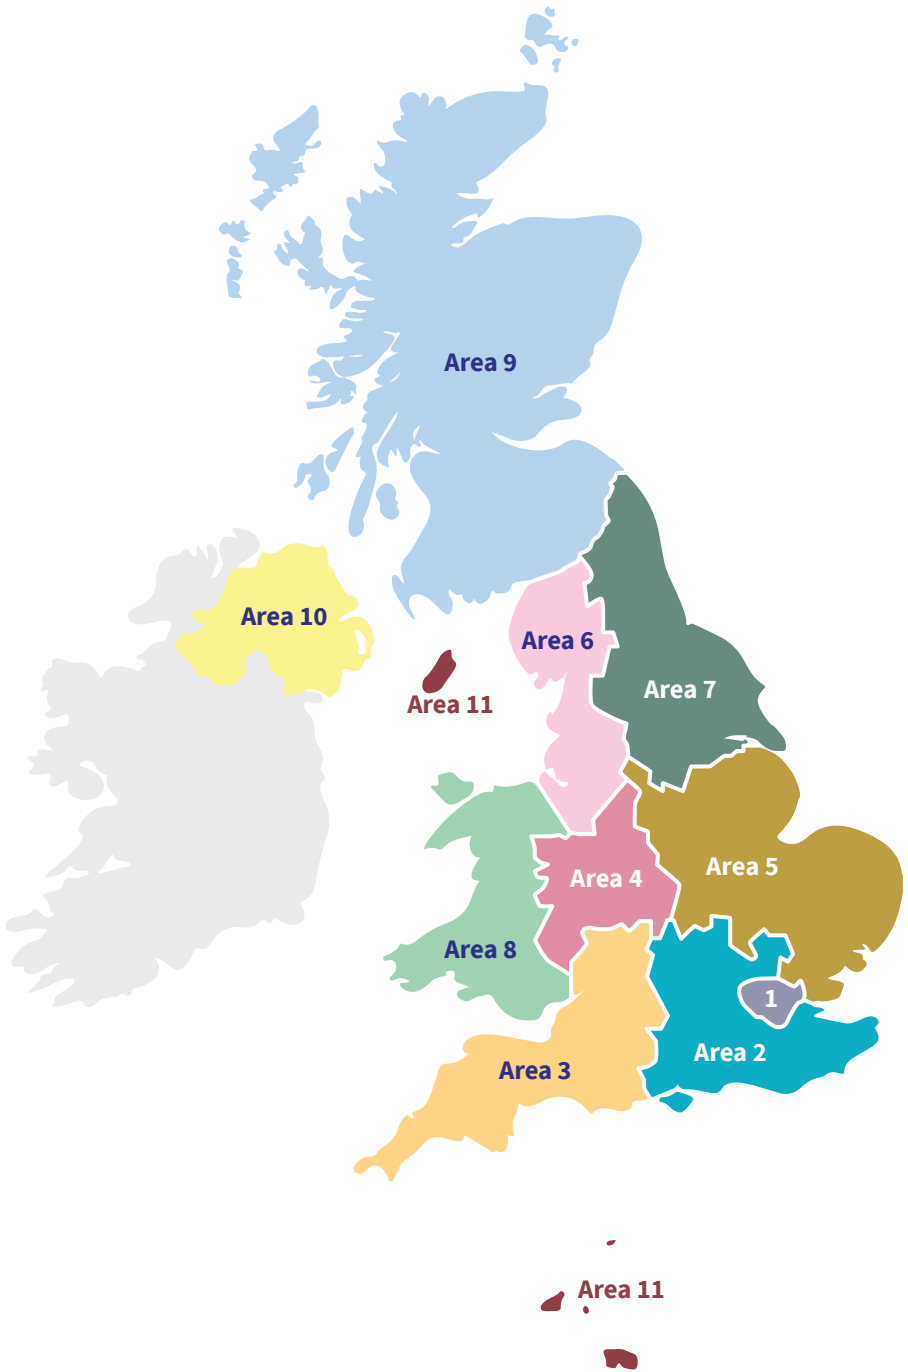

Area 9 Scotland

Area 10 Northern Ireland

Area 11 Isle of Man/Channel Islands

If you live in area 11, some of our plans may not be available. For some plans, you cannot have treatment in area 11.

➔ *For more details about this, please see your handbook*

London Upgrade

There are a number of hospitals that can only be used by those members that have selected to have the London Upgrade option added to their policy.

If you do not have the London Upgrade option included on your policy, treatment including in-patient, day-patient, out-patient and diagnostic tests at the following hospitals is excluded:

	General	Psychiatric	Rehab	MRI scan	CT scan	PET scan	Oral	Cataract
