Specified Hospital List

October 2024

The Specified Hospital List

The Specified Hospital List details the hospitals in the United Kingdom that are available for you to use under the terms of your policy. We have chosen these hospitals based on the quality, value and range of services they provide. In the list below, we have arranged the hospitals into geographical areas and listed them alphabetically by town. Please call us if you have any questions.

Be sure to call us first

Please call us on **0800 068 7111** before you start treatment. We'll then be able to check that the treatment you need will be covered before you incur any costs.

We also recommend you ask your GP for an open referral so we can help you find a recognised specialist who works from a hospital on your Specified Hospital List. This is important because all diagnostic tests, scans, procedures, in-patient and day patient treatment must take place at a Specified Hospital.

Please see 'Making a claim' in your Handbook for full details.
