If required, contact our team, who will seek to pre-authorise your treatment in line with your available benefits.

Treatment

If you are diagnosed with skin cancer, your specialist will determine the best treatment and care for you. Your treatment is likely to depend on:

- ✓ the type of skin cancer
- ✓ how far it's grown or spread
- ✓ where the cancer is
- ✓ the stage of the cancer (if relevant)

Your specialist will discuss your treatment options, their benefits and the possible side effects with you.
